**Civil Action**

**Case No. 2:19-cv-5946-RBS**

**JOINT DISCOVERY STATUS REPORT**

Pursuant to Order dated January 26, 2024 (ECF No. 75), the parties were instructed to file a Joint Status Report via ECF regarding unresolved discovery and the like. Subsequent to that Order, the attorney for the Plaintiff filed, and the Court granted, a Motion for counsel for the Plaintiff to withdraw (ECF No. 77) dated January 31, 2024. That Order provided the Plaintiff to obtain new counsel on or before February 28, 2024, or the Court would impose sanctions, including the dismissal of the claims with prejudice.

Defendant Colin Purrington made numerous good faith efforts and attempts to submit a joint report, but no communications from the Plaintiff were received. To date, Defendant has not been supplied any correspondences, telephone calls, emails, or the like by the Plaintiff, nor has any attorney or firm contacted Defendant or counsel regarding its representation.

Further, Defendant Colin Purrington, despite the lack of Plaintiff's counsel, has diligently complied, at no small expense of time, with the other Order dated January 24, 2024, directing him to identify all documents with bate-stamps and respond to a set of interrogatories. A copy of that correspondence is attached hereto at Exhibit "A," demonstrating that the Defendant re-reviewed all of the disclosures, and supplied yet another full copy of all files via USB to the Plaintiff at its corporate address.

Defendant Colin Purrington, via counsel, has sent numerous letters regarding discovery to the Plaintiff at its corporate address without response. Additionally, counsel for the Defendant recently contacted the prior attorney, Evan Frank, Esquire, to request any information on subsequent representation. He stated that he had no requests from other firms for the files or other information, and would supply said information if it was obtained. No notice of any other firm making contact from Mr. Frank has been provided, to date. A copy of these correspondences are attached hereto at Exhibit “B.”

Accordingly, mindful of the Court’s Order but due to the lack of communication, representation, and cooperation from Plaintiff, Defendant respectfully submits this unilateral discovery status report, along with copies of the previously-referenced correspondences demonstrating the actions taken by the Defendant since the issuance of the January 26, 2024 Order to comply.

1. Pending Discovery Disputes.

A. Interrogatory Requests. The following Interrogatory Requests issued by Defendant have not been answered, despite a court order dated September 24, 2021, requiring Plaintiff to do so:

1. Interrogatory Request No. 5: Describe any damages Spartan Mosquito is seeking in this Litigation by listing the category of damages, the amount, and the basis for seeking those damages.

2. Interrogatory Request No. 10: List all states that have refused to permit the sale of the Product [Spartan Mosquito Eradicator] and list each state’s given reason(s) for refusing to permit the sale of the Product.

B. Document Requests. The following Document Requests issued by Defendant have not been answered, despite a court order dated September 24, 2021, requiring Plaintiff to do so:

1. Document Request No. 2: All documents concerning experimental tests concerning the Product.

2. Document Request No. 3: All data obtained from experimental tests concerning the Product.

3. Document Request No. 4: Pursuant to Court order dated 9/24/2021, Plaintiff must produce the names and contact information for any individual that conducted experiments on the Product.
4. Document Request No. 6: A copy of any marketing materials concerning the Product.
5. Document Request No. 8: All correspondence between Spartan Mosquito and any State Regulatory Agency, including but not limited to the Mississippi Department of Health and the Mississippi Attorney General's Office, concerning the operation or regulatory compliance of the Product.
6. Document Request No. 9: All correspondence between Spartan Mosquito and the EPA concerning the regulatory compliance of the Product.
7. Document Request No. 10: All correspondence between Spartan Mosquito and the FTC concerning the regulatory compliance of the Product.
8. Document Request No. 11: All prior versions of Spartan Mosquito's website.
9. Document Request No. 13: A copy of any marketing materials sent to any supplier or distributor concerning the Product.
10. Document Request No. 14: All case study documents concerning the Product produced by Think Webstore.
11. Document Request No. 16: All correspondence between Spartan Mosquito and Wendy Varnado concerning the Product or the Other Products.
12. Document Request No. 21: All correspondence between Spartan Mosquito and the West Nile Education, Eradication, Prevention, and Recovery Organization concerning the Product.
13. Document Request No. 22: All correspondence between Spartan Mosquito and any retailer concerning the operation of the Product.
14. Document Request No. 23: A copy of any marketing materials sent to any retailer concerning the Product.

15. Document Request No. 26: All press releases concerning the Product.

16. Document Request No. 28: All communications with customers who were unsatisfied with the Product and whose Facebook reviews and comments were deleted by Spartan, including but not limited to any text messages or Facebook messages sent to any such customers.

17. Document Request No. 30. All photographs and videos of mosquitoes entering the holes in the Product, including all unedited versions of such photographs and videos. The court order dated 9/24/2021 ordered Plaintiff to produce the full video, not excerpts.

18. Document Request No 31: All documents concerning any lost sales of the Product or the Other Products that Spartan Mosquito contends are related to any statements made by Purrington.

19. Document Request No. 32: All documents concerning any damages sought in the Litigation.

20. Additional Requests were demanded via the Notice of Deposition supplied to Jeremy Hirsch and Christopher Bonner, respectively (*See Exhibit "B" hereto*).

## 2. Depositions of Hirsch and Bonner.

Defendant has noticed the deposition of Jeremy Hirsch for April 3, 2024, at the office of Defendant's counsel, 30 West Third Street, Media, Pa. 19063.

Defendant has noticed the deposition of Christopher Bonner for March 27, 2024, at the office of Defendant's counsel, 30 West Third Street, Media, Pa. 19063.

## 3. Subpoena Requests.

Defendant has just recently issued new subpoenas to, among others, a number of affiliates of the Plaintiff as well as Bonner Analytics Testing Company, that are relevant to the underlying action and who Defendant believes is a potential custodian of documents which the Plaintiff, AC2T Inc., has failed or otherwise refused to turn over despite the lengthy discovery period afforded to it and the critical nature of the financial documents to the claims. It is anticipated that the subpoenaed documents will

take several weeks to be forwarded to the Defendant, presuming that there are no objections or delays by the relevant custodian(s).

4. Certification of meeting.

The parties have NOT met regarding outstanding discovery disputes and the content of this discovery report, despite numerous and diligent attempts at same by Defendant Colin Purrington and his counsel. See the introduction hereto.

5. Proposed Schedule for completion of Discovery, Motions, and Trial.

A. Discovery. Defendant proposes that Plaintiff answer the Interrogatories and Documents Requests in full by March 26, 2024; that all depositions should be conducted no later than June 30, 2024.

B. Motions. Defendant proposes that any summary judgment motions be filed July 31, 2024. If, however, discovery is not completed by July 31, 2024, then any motions shall be filed within 30 days after completion of all discovery.

C. Trial. Defendant proposes that trial be scheduled for 30 days after all motions have been resolved.

Respectfully submitted,

Date 2/26/24
